

Journal of Agricultural Physics

Volume 15

Number 2

December 2015

CONTENTS

Research Articles

1. Soil Aggregation and Associated Organic Carbon as Affected by Long Term Application of Fertilizer and Organic Manures under Rice-Wheat System in Middle Gangetic Plains of India. S.P. MAZUMDAR, D.K. KUNDU, A.K. NAYAK and DEBJANI GHOSH ... 113
2. Effect of High Temperature Stress on Biomass Partitioning in Wheat (*Triticum aestivum* L.) at Different Growth Stages. Victor Banerjee and P Krishnan ... 122
3. Status and Distribution of Micronutrients in Mango Orchards under Subtropical Region of Uttar Pradesh. KAILASH KUMAR, TARUN ADAK AND VINOD KUMAR SINGH ...127
4. Spatial Analysis of Rainfall and Rainy Days in Chhattisgarh State, India. SHIV KUMAR BHUARYA, J.L. CHAUDHARY, N. MANIKANDAN AND DHIRAJ KHALKHO ...140
5. Variability of Thermal Indices and Peak Mango Hoppers Incidence under Subtropical Conditions. GUNDAPPA, T. ADAK and R. BALAJI ...150
6. Wheat Yield Prediction using Weather based Statistical Model in Central Punjab. K.K. GILL, S.S. SANDHU, PRABHJYOT KAUR, RITU BABUTA AND KAVITA BHATT ...157
7. Evaluation of Physical Properties of Bt Cotton Fibre and their Non-Bt Counterparts at Different Growth stages. ACHCHELAL YADAV, G.G. MISTRI AND P.K. MADHYAN ...163
8. Impact of Weather Parameters and Plant Spacing on Population Dynamics of Sucking Pests of Cotton in South Western Punjab. HARPREET SINGH, PRABHJYOT KAUR AND JOYDEEP MUKHERJEE ...167
9. Influence of Farmyard Manure and Nitrogen on Growth and Fodder Yield of Summer Maize. VAJINDER PAL KALRA AND P.K. SHARMA ...175
10. Sensor System Technology for Soil Parameter Sensing in Precision Agriculture: A Review. Ambarish G. Mohapatra and Saroj Kumar Lenka ...181
